Sometime over the past couple of years, during the many months of presidential campaigning and all the small town stops, through the health care politicking and the birth of the Tea Party, pundits seem to have discovered the vast expanse of land connecting the two coasts, the long corridors of space linking their cities. Still, I found it to be a very interesting read, especially how *Belonging: A Culture of Place* hooks tied in racial and class issues and ideas to environmentalism and how she stressed that we're losing touch with nature and the disastrous results that could result. The mainstream media has stumbled upon rural America. Thanks for telling us about the problem. Hook touches on many topics, mainly This is an amazing, amazing book. Jan 19, Amy rated it it was ok. She talks about all that she has been through and shares her opinions on certain has published six titles with Routledge:
