The same partbooks could be used by singers or instrumentalists. An example of a complete composition is the Seikilos epitaph which has been variously dated between the 2nd century BC to the 1st century AD. Retrieved from "http: Although much popular music is published in notation of some sort, it is quite common for people to learn a song by ear. Unlike the vocal score, the organ score is sometimes intended by the arranger to substitute for the orchestra in performance if necessary.

In the first printed book to include music, the Mainz Psalter the music notation related but less common choral score contains the choral parts with reduced accompaniment.
