Don't compromise your beliefs for. Then identify these negative words as the lies they are.

If you feel lost, hopeless, or depressed, isolating yourself will probably not help. Success isn't some grand event that happens overnight. Courses such as math, physics, chemistry and statistics require good analytical skills, so be sure to spend time at home working on problems. It gives you a chance to really determine whether or not you feel they are something you can stick with and grow. Do not assume that all students will recognize cultural, literary or historical references. There's no excuse for it.
