The violence in the book can be overwhelming, at times and for some readers may be difficult to read. I question why Goodreads won't let me just give this zero stars as an exception. AlexaActionableAnalyticsfortheWeb. But when Eden unwittingly compromises her father's secret biological experiment, she finds herself in the eye of a storm and thrown into the last area of rainforest, a strange and dangerous land. Sometimes, people are convinced that they have the lower hand in life.
