Customers who bought this item also bought. It is interesting to read because it is so realistic of stuff that most likely was happening years ago. With a little snooping around, Howie finds out something even more alarming.

Avi is the award-winning author of more than seventy-five books for young readers. Just the ending was a bit off, but the intro and main story was really good. Jul 10, Ron Popp rated it really liked it. Avi lives outside Denver, Colorado. Lom mister to be a spy- and ends up with a whole heap of grown-up sized trouble. Main character seems a bit cheeky as a 5th grader with a crush on his teacher; not sure if 5th grade kids now would relate or understand .
